Section 1 - General Information

This application must be completed by companies applying to participate in the DAIR Supplier Development Initiative (SDI).

This cohort is delivered by DAIR with support from the Government of Ontario.

This intake is intended for Ontario based manufacturing companies seeking to strengthen their capabilities and competitiveness within the aerospace and defence sectors. Preference will be given to companies that are looking to enter the aerospace and defence supply chain for the first time or significantly expand their participation within the sector.

Applications will be accepted until the program is fully subscribed.

Companies are not required to be members of the DAIR Innovation Network at the time of application. However, companies selected to participate in an SDI cohort will be required to join the DAIR Innovation Network upon execution of a funding agreement with DAIR. Membership is subject to the applicable annual membership fee and is renewable annually.

Applicants are encouraged to review the DAIR SDI Applicants Guide before completing this application. For clarification or additional information, please contact the DAIR Industry Development & Readiness Manager, Verlyn Smith, at verlyn.smith@dairhub.com.
